RE: NAHC Private Duty Home Care Certification

Dear Jeffrey,

On behalf of everyone at the National Association for Home Care & Hospice, thank you for recent application to the Private Duty Home Care Certification program.

After careful review of your submitted application and supporting documentation, we are pleased to award Always Best Care Chicagoland formal NAHC Private Duty Home Care Certification effective November 4, 2021, until November 4, 2022.

Enclosed, you will find a digital copy of your certificate as well as a digital logo file that you may use as per the parameters outlined in our logo licensing agreement for the duration of your certification period.

As a reminder, NAHC Private Duty Home Care Certification is approved for one year and must be renewed on a rolling, annual basis. During your certification period, should your agency location change name, mailing address, or branch location, you must notify NAHC at PDcertification@nahc.org within 30 days of change. If an agency should change ownership during the certification period, the new owner or officer must notify PDcertification@nahc.org and must also submit a new program application, signed attestation statement, and supporting documentation to NAHC within 30 days of change. Failure to comply will result in loss of certification status.

The nation's private duty home care nursing and personal care services community fulfills a unique and essential purpose in modern life. Private duty home care provides critical, quality, home-based care, and living support services for individuals young and old, helping them live full, independent, and connected lives in the comfort of wherever they call home. We are honored to have you and your organization designated as a NAHC Private Duty Home Care Certified agency and thank you for your commitment to quality service and care delivery.

Sincerely,

Emilie R. Bartolucci, Ed.D., MPA, CPXP
