**Always Best Care Senior Services
Expands with 6th Franchise in Texas!**

Roseville, CA (May 29, 2013) — Always Best Care Senior Services, one of the fastest growing Senior Care franchise systems in the United States, today announced the company has awarded its sixth franchise in Texas and as a result is expanding its coverage to encompass Austin & the Hill Country.

Always Best Care now provides services to the greater Dallas and Houston areas in addition to Austin. The new franchise is the second in Austin, which now allows Always Best Care to cover the Northwest, West and Southwest areas of the city and surrounding suburbs.

Always Best Care is one of the nation's leading providers of non-medical in-home care, assisted living placement services and skilled home health care. The company delivers its services through an international network of more than 180 independently owned and operated franchise territories.

The new Always Best Care franchise is owned and operated by Glenn Scott, a seasoned customer-focused software development and personnel management executive with more than 20 years' experience with such industry giants as National Instruments, Lotus Development and IBM. Mr. Scott has been recognized throughout his career for leadership, communication, project management and operational excellence.

"I am very pleased that we have awarded our newest franchise to a person of Glenn Scott's business background, character and integrity," said Michael Newman, founder and Chief Executive Officer of Roseville, CA-based Always Best Care. "I'm confident he will be a valued addition to the Always Best Care team."

Mr. Scott has a strong personal understanding of what it's like to feel scared, alone, and utterly helpless, and he believes that knowledge and understanding will serve him well. Always Best Care works with senior citizens throughout the area.

"In 2006 my world was shattered when I was diagnosed with Multiple Sclerosis," he explained. "MS is a chronic progressive disease of the central nervous system, so I have been in the position of many of our clients. I understand what it's like not be able to get out of bed, or stand, or even button my own shirt because my hands felt like I was wearing oven mitts. I know what it's like to have to rely on help, when all you want is to be able to do things for yourself."

Fortunately for Mr. Scott, he joined a clinical trial several years ago that has controlled his MS. "I'm in complete remission," he said. "Now I want to give back and help others in need, and that is what attracted me to Always Best Care and the services they provide."

Mr. Scott is dedicated to serving the Central Texas community. "My goal is to have Always Best Care of Austin & the Hill Country become the premier provider of personal care for seniors and others in need. I am committed to exceptional customer service, and to providing our clients the very best service we possibly can."
