The Quest for a Cure

AFTER DECADES OF PERSEVERANCE IN THE LAB, RESEARCHERS ARE ON THE CUSP OF A SCIENTIFIC BREAKTHROUGH THAT COULD BE THE FIRST STEP TOWARD MAKING ALZHEIMER'S ITSELF A DISTANT MEMORY.

Join us for a screening of this documentary film by acclaimed director James Keach, followed by a panel discussion that will include an update on research and clinical trials available to patients here in Southern California.

RSVP highly encouraged by calling (310) 794-3914

Resource tables available before and after the screening and panel discussion

Sponsored by the South Bay Dementia Education Consortium
